

Route Information

1. Start from Shaw Lane, turning off Lower Edge Road just past Old Earth school.
2. Bear left to follow a gravel path behind a hedge. Go under the railway bridge and bear right.
3. Follow the path by the river and cross through a metal barrier (this is pushchair friendly!)
4. Turn left and follow the path past a gate - you'll come back this way. Continue straight.
5. Go through the second gate that you get to on the right and follow the path straight on into the nature reserve.
6. Stop by the bird watching area, where you can spot birds as they feed. For a shorter, step-free route, go straight on at the cross roads. For a longer option with steps, turn left and cross the bridge.

7. Across the bridge, turn left and follow the path towards the wetland, then turn right – NB this path has steps at the far end.
8. Turn right after the steps and return along the river. Look out for the riverside beach which is great for skimming stones!
9. Turn left across the bridge, then left by the bird feeders, signed 'Tag Loop'
10. Turn left out of the gate to exit, then turn right along the river, under the railway and back to the start.

Distance:
2.7 miles

Difficulty:
Beginner

Terrain: Mixed
(Mostly Flat)
